EDUCATION

BSC IN CSE
Dhaka International University
2021-2025

Higher Secondary
Carmichael College Rangpur
2020

SKILLS

- Django
- Css Framework
- Javascript
- Git & Github
- Python
- Oop
- C C++
- Algorithm
- Data Structure
- Mysql Postgresql Sqlite
- Basic problem solving

LANGUAGES

- Bangla

- English

Programming Activities

Programming Contest - Fall Fest 2022
Runner Up   *2022*

It Quiz - Fall Fest 2022
Runner Up

- This was held at the end of 2022. There were many events, including a programming contest and an IT quiz, which I participated in. Although participation was the main goal, I was lucky enough to become the runner-up in both the IT Quiz and the Programming Contest.

Programming Contest - Cse Spring Fest 2024
Second Runner Up

Projects

Dream Squad

Technology : Html Css Bootsrap Javascript Api Integration

- Dream Squad is a web application that allows users to search for sports players, view their details, and build a customized team. Using an external sports API, the app fetches and displays player information dynamically. Users can search for players, view detailed profiles in a modal, and add players to their squad, with a maximum of 11 players. The interface is responsive and user-friendly, featuring a fixed cart section for easy squad management. The project combines HTML, CSS, Bootstrap, and JavaScript to deliver an engaging experience for sports enthusiasts.
